the eighth edition of this best selling text has been thoroughly revised to include expanded material on the slave resistance the recent history of african americans in the united states more on the history of women and popular culture the text has also been redesigned with new charts maps photographs paintings illustrations

and color inserts and an extensive package has been assembled using technology and other multimedia to bring history to life written by distinguished and award winning authors retaining the same features that have made it the most popular text on african american history ever and with fresh and appealing new features from slavery to freedom remains the most revered respected honored text on the market

through its rich and fascinating collection of documents mexico slavery freedom offers a much needed window into mexico s long history of slavery that will leave readers wanting to learn and discover more sierra silva brilliantly guides his readers through the maze of mexican archival resources through his careful content curation readers will discover how corruption and discrimination led to persistent enslavement of indigenous mesoamerican and transpacific peoples despite royal orders to abolish the practice the rich detailed packed introductions to the book in general and to each chapter are nonetheless succinct and to the point sierra silva s editorial approach proves that information and interpretative points are better served in small portions the documents themselves are the main course sierra silva also recognizes the importance of giving readers both english and spanish versions of each document in the book these bilingual transcriptions make mexico slavery freedom an equally valuable resource for course instruction in predominantly english speaking environments bilingual classrooms and spanish centered courses mariana dantas ohio university this is the first volume to provide in dual language format selections from primary texts related to the experiences of enslaved africans asians and their descendants in colonial mexico

this volume introduces a new way to study the experiences of runaway slaves by defining different spaces of freedom they inhabited it also provides a groundbreaking continental view of fugitive slave migration moving beyond the usual regional or national approaches to explore locations in canada the u s north and south mexico and the caribbean using newspapers advertisements and new demographic data contributors show how events like the revolutionary war and westward expansion shaped the slave experience contributors investigate sites of formal freedom where slavery was abolished and refugees were legally free to determine the extent to which fugitive slaves experienced freedom in places like canada while still being subject to racism in sites of semiformal freedom as in the northern united states fugitives claims to freedom were precarious because state abolition laws conflicted with federal fugitive slave laws contributors show how local committees strategized to interfere with the work of slave catchers to protect refugees sites of informal freedom were created within the slaveholding south

where runaways who felt relocating to distant destinations was too risky formed maroon communities or attempted to blend in with free black populations these individuals procured false documents or changed their names to avoid detection and pass as free the essays discuss slaves motivations for choosing these destinations the social networks that supported their plans what it was like to settle in their new societies and how slave flight impacted broader debates about slavery this volume redraws the map of escape and emancipation during this period emphasizing the importance of place in defining the meaning and extent of freedom contributors kyle ainsworth mekala audain gordon s barker sylviane a diouf roy e finkenbine graham russell gao hodge jeffrey r kerr ritchie viola franziska müller james david nichols damian alan pargas matthew pinsker a volume in the series southern dissent edited by stanley harrold and randall m miller

i presume it is right that prefaces should be written though it is hard to say why as they are very seldom read their chance of being perused is still more diminished when they are written in connection with any stirring narrative which is sure to interest the mind and touch the heart just in proportion to the interest of the book itself is the preface liable to be overlooked such an appendage to a volume like this therefore is indeed a superfluity for who would care to postpone the melancholy excitement of listening to this piercing cry from the land of the slave for the sake of a tantalizing and possibly irrelevant introduction the only object to be served by these preliminary lines will be to use them as a means of making the author of this thrilling narrative better known personally to his readers this side the ocean for though the book itself is professedly an autobiography there are some few circumstances which a man cannot relate so easily of himself as a friend can relate for him of mr troy s mental qualities and his graphic powers i need say nothing as both speak out in the narrative he has written but of his sterling attributes of heart those only who know him intimately can form a true idea a real man and a finished gentleman the author of this little book stands forth as another living contradiction of the doctrine which disparages the african as gifted with inferior intellect and possessed of baser feelings than the european and he shows that colour is no barrier to the attainment of high culture and scholarship and no hindrance to the possession of a delicately attuned emotion if i were to say more i might be betrayed into the exaggerations which the partiality of a strong admirer and an attached friend can hardly suppress and i must therefore leave mr troy s book to speak for him as well as for itself it needs but a small spark to kindle the magazine of british indignation against the american slave system and many such sparks will be found in this book we are told that some men have hearts of stone

there is hope of fire being struck even from them when the iron of the captive's fetters rings against them but it is not merely the passing sigh of a regretful sympathy that this little volume seeks to evoke it would fain give to that sigh an articulate sound and direct it in earnest prayer before the throne of him who hath made of one blood all nations of men to inhabit the earth on behalf of the slave

the entries in this volume focus upon the rise and fall of the atlantic slave system in comparative perspective the subjects range from the rise of the slave trade in early modern europe to a comparison of slave trade and the holocaust of the 20th century dealing with both the history and historiography of slavery and abolition they include essays on british french dutch and brazilian abolition as well as essays on the historiography of slavery and abolition since the publication of eric williams's capitalism and slavery more than 50 years ago

president abraham lincoln freed millions of slaves in the south in 1863 rescuing them as history tells us from a brutal and inhuman existence and making the promise of freedom and equal rights this is a moment to celebrate and honor to be sure but what of the darker more troubling side of this story slavery's ghost explores the dire debilitating sometimes crushing effects of slavery on race relations in american history in three conceptually wide ranging and provocative essays the authors assess the meaning of freedom for enslaved and free americans in the decades before and after the civil war they ask important and challenging questions how did slaves and freedpeople respond to the promise and reality of emancipation how committed were white southerners to the principle of racial subjugation and in what ways can we best interpret the actions of enslaved and free americans during slavery and reconstruction collectively these essays offer fresh approaches to questions of local political power the determinants of individual choices and the discourse that shaped and defined the history of black freedom written by three prominent historians of the period slavery's ghost forces readers to think critically about the way we study the past the depth of racial prejudice and how african americans won and lost their freedom in nineteenth century america

contains primary source material

i presume it is right that prefaces should be written though it is hard to say why as they are very seldom read their chance of being perused is still more diminished when they are written in connection with any stirring narrative which is sure to interest the mind and touch the heart just in proportion to the interest of the book itself is the preface liable to be overlooked such an appendage to a volume like

this therefore is indeed a superfluity for who would care to postpone the melancholy excitement of listening to this piercing cry from the land of the slave for the sake of a tantalising and possibly irrelevant introduction the only object to be served by these preliminary lines will be to use them as a means of making the author of this thrilling narrative better known personally to his readers this side the ocean for though the book itself is professedly an autobiography there are some few circumstances which a man cannot relate so easily of himself as a friend can relate for him of mr troy s mental qualities and his graphic powers i need say nothing as both speak out in the narrative he has written but of his sterling attributes of heart those only who know him intimately can form a true idea a real man and a finished gentleman the author of this little book stands forth as another living contradiction of the doctrine which disparages the african as gifted with inferior intellect and possessed of baser feelings than the european and he shows that colour is no barrier to the attainment of high culture and scholarship and no hindrance to the possession of a delicately attuned emotion if i were to say more i might be betrayed into the exaggerations which the partiality of a strong admirer and an attached friend can hardly suppress and i must therefore leave mr troy s book to speak for him as well as for itself it needs but a small spark to kindle the magazine of british indignation against the american slave system and many such sparks will be found in this book we are told that some men have hearts of stone there is hope of fire being struck even from them when the iron of the captive s fetters rings against them but it is not merely the passing sigh of a regretful sympathy that this little volume seeks to evoke it would fain give to that sigh an articulate sound and direct it in earnest prayer before the throne of him who hath made of one blood all nations of men to inhabit the earth on behalf of the slave
