the most important and provocative anthropological fieldwork ever undertaken tom wolfe for years the prevailing opinion among academics has been that language is embedded in our genes existing as an innate and instinctual part of us in this bold and provocative study linguist daniel everett argues that like other tools language was invented by humans and can be reinvented or lost he shows how the evolution of different language forms that is different grammar reflects how language is influenced by human societies and experiences and how it expresses their great variety combining anthropology primatology computer science philosophy linguistics psychology and his own pioneering research with the amazonian pirahã and using insights from many different languages and cultures everett presents an unprecedented elucidation of this society defined nature of language in doing so he also gives us a new understanding of how we think and who we are

this text is part of the pathfinders series for language teachers the book offers an approach to cultural awareness it explores how opportunities can be created without leaving the country which gives learners access to the lives concerns and environments of people living in other countries

this volume explores the relationship between language and culture while considering its implications for the teaching of modern foreign languages in higher education drawing on a comparative empirical study conducted at universities both in the uk and us this text problematises the impacts of a separation of language and content in german degree programmes illustrating the need for a curriculum which fosters the development of intercultural competence and criticality parks reconceptualises established models of criticality barnett and intercultural communicative competence byram the chapters in this

volume discuss a range of important topics including language graduates with deep translingual and transcultural competence observed differences and similarities between british and american universities and faculty and student voices developing intercultural competence and criticality aimed at scholars with research interests in intercultural communication language education and applied linguistics this volume provides a thorough discussion for the ways in which modern language programmes in higher education can be improved additionally those carrying out research in the fields of language teaching and language policy in higher education will find developing critical cultural awareness in modern languages to be of great relevance

crossing cultures in the language classroom links theory with experiential activities that will be helpful for use in teacher training or certificate programs the goals of this book for the teacher educator are to expand cultural awareness to acquire an in depth understanding of what culture is and its relationship to language and to comprehend and implement observations of cultural similarities and differences topics discussed in the book include culture shock nonverbal communication societal roles pragmatics a great in service workshop text or teacher training programs

with so much present conflict from personal to global based on words as well as weapons the exploration of languaculture is of a vital and timely importance as the old song goes you can t have one without the other not if you want to communicate in today s culturally complex world

the use of english as a global lingua franca has given rise to new challenges and approaches in our understanding of language and communication one area where elf english as a lingua franca studies both from an empirical and theoretical orientation have the potential for significant developments is in our understanding of the relationships between language culture and identity elf challenges traditional assumptions concerning the purposed inexorable link between a language and a culture due to the multitude of users and contexts of elf communication the supposed language culture and identity correlation often conceived at the national level appears simplistic and naïve however it is equally naïve to assume that elf is a culturally and identity neutral form of communication all communication involves participants purposes contexts and histories none of which are neutral thus we need new approaches to understanding the relationship between language culture and identity which are able to account for the multifarious and dynamic nature of elf communication

the book presents a new theory of the relationship between language and culture in a transnational and global perspective the fundamental view is that languages spread across cultures and cultures spread across languages or in other words that linguistic and cultural practices flow through social networks in the world along partially different paths and across national structures and communities

topics in language and culture for teachers is an introductory language and culture text designed for today s future teachers anthropologists and applied linguists the book explores from a variety of perspectives the interrelationships between language and culture that have the most significant implications for the classroom and for the global community among the topics introduced are first language acquisition dialects sign language non verbal communication and pragmatics each chapter is structured so that students will read about a topic answer comprehension questions consider relevant teaching scenarios gather and analyze data in further reading and pursue projects that require out of class research the book also encourages the use of films to provide deeper cultural understanding and context

for various issues three appendixes the family tree of languages language structure resources for further research and professional development and a glossary are included

guide to cross cultural communication in business by geoffrey p otieno offers a timely and essential resource for navigating the complexities of global business communication as companies expand beyond national borders the ability to understand and engage with diverse cultures becomes critical this book provides a clear balanced and practical framework for professionals seeking to improve their cross cultural competence in today s interconnected world grounded in foundational communication theories and enriched with contemporary real world examples the guide blends academic insight with actionable strategies that readers can apply directly to international business contexts topics explore the core principles of cultural understanding communication styles and ethical engagement while emphasizing the importance of respect awareness and adaptability the book also makes a conscious effort to avoid stereotypes recognizing the diversity within cultures and encouraging thoughtful individualized approaches ideal for business professionals educators and students alike this volume equips readers not just to understand cultural differences but to navigate them skillfully and ethically in professional settings

the influence of culture on decision making and problem solving is profound and pervasive by recognizing and understanding the cultural factors that shape these cognitive processes individuals and organizations can navigate complex decisions more effectively as global interconnectedness continues to rise the ability to appreciate and utilize diverse cultural perspectives will be increasingly vital in fostering collaboration and innovation this chapter has elucidated the intricate ways in which culture impacts not only how decisions are made and problems are solved but also how individuals understand themselves within their cultural ecosystems in an era marked by rapid change and diversity engaging with these cultural influences will be indispensable in creating solutions that are both effective and sustainable

written by the winner of the 1987 baal book prize this book deals with the acquisition of understanding of foreign cultures and peoples it is also a study of the philosophy and purpose of language teaching in all its facets in the context of foreign language teaching in secondary education the book is written for language teachers and though it draws on disciplines not usually included in their education and professional training it does so from within the profession s own perspective it is an attempt to raise teachers and learners awareness of the full educational value of foreign language learning
